

# ROYAL OAK BURIAL PARK

WHERE MEMORIES LIVE FOREVER

## OUR STORY...

On November 23, 1923 the first interment took place at Greater Victoria's new cemetery, Royal Oak Burial Park. From that day to the present the Burial Park has been meeting the changing funeral service and memorialization needs of our community.

*The Terraces & Royal Oak Mausoleum*

Royal Oak Burial Park is one of the largest, most historic and picturesque cemeteries in Western Canada. Visits to our grounds are encouraged, not only to remember relatives and friends but also to enjoy the beauty of our natural setting.

Landscaped grounds, gently rolling hills and wooded boundaries are nestled discreetly into an urban setting making the Burial Park a refuge of tranquil green space conducive to quiet contemplation and remembrance.

A walk through the Burial Park is a journey through local, provincial and Canadian history. Every memorial site in the Burial Park represents a life lived and a story to tell. Veterans of war, government and civic leaders, authors, architects, and our own family members, all are a part of the rich and diverse history of our community.

*"Royal Oak Burial Park, through its service to the community, is an active guardian of and perpetual link to Greater Victoria's rich heritage."*

Canada's 1st Green Burial Site*

## BOARD OF CEMETERY TRUSTEES OF GREATER VICTORIA

GUARDIANS OF OUR COMMUNITY'S HERITAGE

In 1922 the City of Victoria and District of Saanich created the Board of Cemetery Trustees of Greater Victoria. The Board is a not for profit corporation that develops, operates and maintains the Burial Park. The Burial Park is fully self-funded from the fees it charges and receives no taxpayer subsidy from its founding stakeholders.

The Board of Cemetery Trustees of Greater Victoria are pleased to be sponsors of the 100 year celebrations for the Funeral Service Association of B.C. We take this opportunity to extend our best wishes to every member of the FSABC as we all look back on our shared history, celebrate this year of anniversary events and plan for a future of continued success.

We welcome your inquiries or a visit to tour the grounds.
